

As a customer, I want to view different Iphone models, so that I can shop for an Iphone.

1. As a customer, I want to see accessories compatible with my Iphone, so that I can easily find and purchase accessories.
2. As a customer, I want to see financing options, so that I can buy an Iphone without going bankrupt.
3. As a customer, I want easy access to Iphone checkout, so I can buy the Iphone quickly and with little effort.
4. As an apple user, I want the ability to pre-order the new Iphone, so that I can get it as soon as possible.
